In August it joined the Small Elegant Hotels Group which unites more than 400 chosen elegant hotels world-wide, guarantees elegant premises to its customers and provides comfortable services with an individual approach.
- Besides that the hotel has been focusing on professional business services and has extended its offer of conference rooms and excellent services for company training and meetings for up to 50 persons. IT IS WELL-KNOWN THAT THE HOTEL ALSO RECEIVED A SLOVAK AWARD:

Yes, the hotel bar was the winner in the competition for the best hotel bar in Slovakia, the BAR AWARD 2008.

THE HOTEL LOCATION IN PIEŠŤANY ENSURES THAT THE HOTEL ALSO OFFERS WELLNESS AND RELAXATION FACILITIES TO ITS CLIENTS:

Although the hotel strategy is mainly focused on business activities, the hotel has extended its offer of wellness and beauty services and has made them more attractive. It has created a large number of interesting beauty programs for perfect beauty and relaxation including coconut wraps, Cleopatra programs as well as chocolate or honey massages. It has also extended the offer of beauty stays or the very popular wellness weekends, which can also be ideal presents for Christmas or anniversaries for parents or friends.
